Future of Farming...

॥ श्री महालक्ष्मी प्रसन्नोस्तु ॥

Our Business is to provide environment friendly products which are result oriented, superior quality and cost effective to farmer community and the trade partners.

neoteric

Neoteric Agri Solutions Limited is an unmatched manufacturer, Re-packer and trader of Insecticides, Herbicides, Weedicides, Fungicides, Bio-Fertilizers, Micro-Nutrients, Water-soluble Fertilizers, various grades of sulfur and Plant Growth Regulators.

The manufacturing facilities of "NASL" are located at Sanand taluka of Gujarat. The plant is equipped with ultra modern technology and facility to manufacture world class quality products. The primary focus of the company is to produce best quality products for their customers and for that a well designed quality control systems are placed on Each and every stage of manufacturing i.e. from raw material procurement to the finished product manufacturing and is closely monitored with international standard. Company's unit is certified with International Standards like ISO 9001: 2015, ISO :14001, OHSAS 18001 for quality assurance.

We also came into manufacturing of neem based botanical products in year 2018 looking towards the motto of **"Future of Farming"**. The production plant of the company is first ever in india to produce Azadirachtin with the world's latest technology of SCCO2.

NASL has developed a number of environment friendly formulations, which are result oriented and cost effective to the farming community. We are admired not only for increasing the yield of farmers but also for providing them with bigger monetary benefits through its modern and reasonable range of crop protection chemicals. These formulations are widely accepted throughout the globe for the control of insects, pests and a range of diseases in various crop-segments.

The management of the company is having very good exposure in sales, marketing and production of various types of fertilizers, micronutrients, pesticides and neem based botanical products. The company's combined experience exceeds more than seventy years.

As we believe superiority is the best way of eliminating competition, we consistently maintain the superlative standards of quality which is earning accolades from our clients. Our laboratories are fully equipped with latest devices and instruments.
